

INVITATION – PLEASE JOIN US

ATA 5TH ANNUAL ARCHERY & BOWHUNTING SUMMIT December 18, 2007 8:00 AM – December 20, 2007 12:00 PM

The archery industry continues to grow. That growth presents challenges and opportunities to everyone associated with the industry. To help direct the future of the industry state and federal agencies, archery and bowhunting organizations and many industry companies gather each December to set the course to grow archery and bowhunting across the country while reviewing the past year's progress. This meeting is critical to the recruitment and retention of archers and bowhunters as well as the development and management of shooting and hunting opportunities. In addition, priorities for the utilization of funding generated from the archery and bowhunting industry are set at this meeting.

Many partnerships and cooperative programs have been developed at this meeting. If you are interested in growing archery and bowhunting, and having a voice in the direction of the industry, this is a must attend event. Past attendees include:
